Date: 15/06/16

Appliance Descaler
Super Appliance Descaler quickly and effectively removes limescale from kettles, steam irons, showerheads etc. The unfragranced formula is taint free so safe for use in beverage machines.

Cup Instructions:
To remove limescale deposits from a hot surface, dip top section into the solution.
To clean a hot surface, dip the whole cup into the solution. Dip also into the solution until dry.

Directions for use:
Kettles: Fill the kettle with warm water with 100ml of Super Professional Appliance Descaler. Boil for 5 minutes. Empty and rinse thoroughly. Repeat if necessary.
Coffee Machines: Pour 100ml into the machine. Turn on and top up with 500ml of water. Switch the machine on and run for a few seconds to prime, then pour and then run through the remainder of the cycle. Repeat through several times until the coffee is clear.
Steam Irons: Use the steam iron to spray the solution on the soleplate. Allow the solution to soak and then gently scrub the iron over a soft brush (avoid the cord). Switch off and leave for an hour, empty out remaining fluid and repeat through several times with the steam iron on 'steam' setting.
Shower Heads: Soak the shower head in 250ml of warm water in a suitable container containing the solution for 15 minutes. Rinse thoroughly. Repeat if necessary.
Storage: Store sealed in original container in a cool dry place away from sunlight.
